

# Slim Metal Series Analog Clocks

## POE / IP Clocks

Get your facility synchronized and stay that way! OneVue Clocks make it easy by leveraging the power of your existing wireless or Ethernet network. Simply preconfigure the clocks online through our intuitive OneVue interface. When the clocks are delivered, plug them in to PoE Power (Power over Ethernet) and hang them on the wall. The clocks will immediately access your network to keep your organization running on time, even through power outages and Daylight Saving Time shifts.

### Slim Metal Series Analog Clocks

Contemporary frames offer an upscale, executive look to our high-performance clocks. These high-tech synchronized clocks are easy to install and are easily incorporated into any décor.

#### POE SLIM METAL SERIES
